NOTE FOR THE DIRECTOR

SUBJECT: Shortened Part II of Your Annual Report

[redacted] has edited.

Here is a compressed discussion of key issues of special concern (Part II) for your Annual Report for you and [redacted] to do any additional editing or cutting you wish. We are vetting the shortened issues treatment with appropriate Community experts.

The two little sections on CIA covert action and IG activities which [redacted] recommended retaining and you approved don't really fit as either 1978 highlights (your draft Part I) or as issues of present special concern. We have thus put them at annex as two activities of concern in earlier years now operating routinely/effectively.

☒ keep CA & IG as annex

☐ drop entirely
